THE man or woman afflicted with backache, swollen muscles, stiff joints, rheumatic pains or other symptoms of kidney trouble is entitled to sympathy and should have help.

Nature gives early warning of kidney trouble by puffing under the eyes, spots before the eyes, dry mouth, biliousness, weakness and pale, waxy, dry skin.

It is unwise to neglect the slightest symptom of kidney trouble. Give the kidneys the help they are crying for.

Foley Kidney Pills
Clean up weak, inactive, sluggish kidneys and help rid the body of poisons. With kidneys and bladder properly functioning, appetite is restored, refreshing sleep is possible and health, strength and energy come as a natural result.

C. F. Reynolds, Elmira, N. Y., writes: "Three months ago I was bedridden with kidney trouble. My back ached so severely I could not get out of bed. I read of Foley Kidney Pills, so I sent for some and commenced taking them. In a few days I was up out of bed and upon keeping the treatment up for some time I was able to do work, and have had no more backaches."

brotherhood and a democracy that is safe for the world.

Millions are being enlisted in a fellowship of intercessory prayer. Instead of usual methods of promoting Christian progress hundreds of thousands are adopting the scripture method of laying aside the title as the portion of one's income which belongs to the giver of all.

Education is receiving new emphasis, and thousands of young people are enlisting in life service of many kinds as devotedly as soldiers.

For these enterprises in world progress \$30,000,000 is being contributed not for the Methodist Episcopal church but by its assisted friends of the church to this constructive program ardently appeals.

Lastly, it is to be especially noted that in thankfulness to God for our early victories in arms, saving thousands of lives and millions of money, \$25,000,000 is now added to the original asking. The devotion in restoring the devastated lands of our European allies. This makes a total asking of \$105,000,000, to be paid in five years, as a love offering to God and man.

This is a fitting close of the first century of organized world effort and an inspiring start in this new century which in human achievement will be the grandest in all history. In all this thrillingly splendid endeavor there is opportunity for every person to have a part. While some "go" all may help to send the gospel light into mines, lumber camps, frontiers, deserts, hamlets, shams, hiding places of lawlessness which are the sources of diabolical inhumanities of which sending bombs by mail is a sample.

Millions of Americans have stented themselves to support the war. The century call is to prevent war and to perfect the conditions of peace. Our struggle the nation appreciated the church by employing it in calling all people to prayer for divine guidance. Manifestly these prayers were answered. The nation and the world approves of the century as a particularly suitable method of present-day thanksgiving.

When asked for a drink of milk Mr. Rodde told them to take all they wanted, if it took all the milk he had. No More Rheumatism
Tormenting Pains and Swollen Joints Vanish When Rheuma is Tamed.

At last a real remedy for rheumatism. And a good one it must be when everywhere sold it on the nose and in the mouth. Rheumatism should halt the news with great rejoicing, for it is surely a remarkable remedy and has a record of almost unbelievable cures. Read what J. F. Oliver of Albany, Ga., says about it.

"I had severe rheumatism for two years and tried every medicine offered for rheumatism. Tried many doctors, was treated at one of the best Southern sanatoriums, and if I improved I did not realize it. I am a doctor on the Central of Georgia railroad, and had seen a paper to Hot Springs, Ark., to take treatment. About that time I saw Rheuma advertised and concluded to try it. I abandoned my trip, took three bottles, and now feel as well as ever. I would not take a hundred thousand dollars for what Rheuma has done for me."

If you have rheumatism in any form, don't delay—try Rheuma today. A large bottle is not expensive, and your money back if it does not give you quick and joyful relief.

MYSTIC
The Methodist Episcopal church was nearly filled with members of the church and the citizens and friends of the village gathered to pay a tribute to the memorial service for Rev. Arthur H. Withe, pastor of the church for two years. Mr. Withe died in Hazardville April 15 after only having been transferred to Mystic at the conference in April. In the center of the church two pews were marked with white ribbons to indicate that this was where Mr. Withe taught a Sunday school class of young ladies while in Mystic; in these pews were seated members of the class he taught.

The service opened by a quartet singing Lead, Kindly Light. The quartet was Mrs. Joseph Johnson, Mrs. Thomas Prentiss, William W. Keigwin and Benjamin Brown. Rev. Fred Sterling read the Scripture and Dist. Superintendent W. H. Bath of Norwich, offered prayer. Rev. Jerome Greer, pastor of the church, paid a tribute to Rev. Mr. Withe, stating that he was a man of great character and a good man and that the Methodist church and also the village had lost a good man.

James Cooper, president of the Men's club, paid a tribute to Mr. Withe and spoke of the good work he had done for the men in the village by the means of getting the honor roll placed in position, being a wonderful worker during all the war, oftentimes making a public speech, and being very eager to hear. He had taken deep interest in the Red Cross, the Service club and the sleeping quarters for the men in service, and in the Men's club. He spoke also of the great interest he took in children.

The quartet sang Rock of Ages. Rev. W. H. Bath of Norwich eulogized Mr. Withe as a Christian and referred to him as one who like Elijah, was a man who walked with God. He was one who, at any time and place was willing to sacrifice in order to help the kingdom of God. Mr. Withe was a statesman, a scholar, and could not help feel better after being in his presence. He referred to the able way in which he had taken hold of the people at his new place and in the few days he was there, and said that the influence of such a man would make the churches and villages where he had served better and worthier.

The quartet sang Abide With Me, after which Mrs. Mary G. Keigwin of New London pronounced the benediction.
